Federation of International Danube-Symposia on Diabetes mellitus

Dear Colleague,

We are delighted to tell you that the **2024 Annual Congress of the Central Europe Diabetes Association (CEDA)** will be held in Palermo, Italy on **6-8 June 2024**, and you can find all the detailed informations in the dedicated website, including those for the registration and abstract submission: <https://ceda2024.com>

This conference aims to provide to the European medical community the best updated insights into diabetes and associated complications, in order to improve daily clinical management and also to ensure a prolonged and healthier life to the patients. We have an outstanding **International Faculty of 80 prestigious Experts**, coming from 23 European countries as well as from North Africa, the Middle East and the USA.

Abstracts must be submitted electronically through the Congress website, by the submission deadline of **10 April 2024**.

Abstracts will be evaluated anonymously by a referee committee who will select the scientific contributions to be added in the Scientific Program as **SHORT ORAL PRESENTATIONS**. During the abstract submission, there will be an option to apply for a Travel Grant (declaration of age required).

All the accepted abstracts will be published for free in the official CEDA journal “Diabetes, Stoffwechsel und Herz”. We also have a wonderful opportunity for Junior Colleagues: **CEDA offers 30 Travel Grants of 500 euros each to the best abstracts submitted by young European scientists, who are not older than 40 years and who are not eligible to other forms of support. The recipients of these Travel Grants will also have free registration to the Congress.**

Please contact the Organizing Secretariat for any question or request of support: info@ceda2024.com

Looking forward to seeing you in Palermo.

Prof. Peter Kempler, MD, PhD, DSc
President, CEDA

Prof. Manfredi Rizzo, MD, PhD
President, CEDA 2024 Congress
